

# JAMIE THORNHILL

**Intervention Teacher  
Curriculum Specialist**

I love my job! I have the great privilege of helping students in our Learning Lab intervention program and providing curriculum support to our teachers! I have 20 years of experience in education (17 years in Lindale). I am so blessed to share life with my wonderful husband, Jon. We have 2 grown children, Jenna and Jay, that make us extremely proud! We enjoy cooking, traveling, and fishing/boating at the lake.

I am looking forward to an awesome year! Please contact me if I can help!
